- Analyzed market trends to align operations with consumer demands.
- Led initiatives that significantly improved customer engagement.

# EDUCATION

OCT 2023 - SEP 2024

**Certified Web Developer, CareerFoundry, Berlin, Germany**

# CUSTOM SECTION

### Meet App
WEB DEVELOPMENT PROJECT

**Personal project, CareerFoundry, April 2023**

· Developed a progressive web application (responsive, cross platform, offline available and ability to add to home screen) using React.

· Followed test-driven-development approach, translating user stories into scenarios for unit and integration testing (Jest), acceptance testing (Cucumber) and end-to-end testing (Puppeteer).

· Implemented serverless functions (AWS Lambda) to authenticate & authorize users (OAuth).

### The Movie App
WEB DEVELOPMENT PROJECT

**Personal project, CareerFoundry, February 2023**

· Created a non-relational database (MongoDB) of top movies.

· Built a REST API with Node.js and Express, using Mongoose to interact with the database.

· Tested the API endpoints with Postman, wrote clean and concise documentation, deployed with Heroku.

· Created single-page, responsive front-end application using React and Angular.
